Reasons to invest

Brand Strength

With more than 25 years of experience, Telepizza is a beloved brand with a loyal fan base all around the world. With a proven track record of building the brand across different countries and cultures, achieving customer satisfaction through operational excellence, commitment to quality, customer experience, great value and local customization to be closer to the local community.

This combination is what makes our brand different, competitive and unique.

Great Support:

A skilled and experienced team is dedicated to support our business partners to develop profitable and successfull Telepizza projects, at all levels: Technology, Operations Marketing, Human Resources, Locations, Franchising, Legal and Communication/PR. An extensive training program gives our partners all the know-how we have acquired during more than 25 years, from pizza making to customer service and delivery technology, including manuals, seminars and all the tools to achieve the excellence and success in the country. On the other hand, Telepizza invests to continue growing the brand globally increasing its reputation even in the markets where it is not present.

Franchise Model:

Tastes are different around the world, that's why Telepizza believes in a flexible Franchisee model to develop successfully the brand across different countries, based on giving our brand a touch of distinctiveness applying local adaptations to be closer to local culture and communities, while maintaining our key brand standards to be achieved in all territories:

Our business partners are key to our success, that's why we take care of them and its investment

Telepizza's Master Franchise agreements require building and operating a minimum number of restaurants in a particular geographic area within a period of 10 plus 10 years.

This requires prospective franchisees to have a substantial net worth and cash availability position. We generally require a minimum US\$1,500,000 net worth under our "multi-unit development agreement for a specific country with additional minimum requirements for liquid/cash assets.

These are minimum requirements and do not represent the total potential costs to open and operate one or more Telepizza's stores.
